TRAFFIC ALERT

Beginning at about 3:30P this afternoon one lane of eastbound traffic of Hwy 26 just west of Cedar Hills Blvd. will be closed while police personnel process what turned out to be a rolling methamphetamine lab. This single lane closure is anticipated to last about 2 hours.

Beaverton officers had made a routine traffic stop on the auto shortly after 1:00P when a search of the car revealed the presence of meth related materials. The driver, who has been charged with several non-drug related offenses, has not been positively identified.

The processing of the vehicle will be a combination of collecting evidence and decontamination.
